

# Andy Gibb, After Dark

(written by Barry Gibb)

There not anything I would not do to ease your troubled mind  
Where you are , there is a different feeling  
I wake up , I'm on the ceilin' , opens up your eyes  
What a shape ! Someone you can't forget for any time  
Oh , let me show you mine , immediately

After dark where the lights start fading sweet and low  
I wanna be there , I wanna be there  
We leave immediately  
After dark where the lights start fading sweet and low  
I wanna be there , I wanna be there  
We leave immediately  
After dark

There is no limit that I would not go  
if I could lie beside  
Where you are , there is a different out there  
Love in the jungle can be hard to realize  
What a shape ! Someone you can't forget for any time  
Oh , let me show you mine immediately

After dark where the lights are fading sweet and low  
I wanna be there , I wanna be there  
We leave immediately  
After dark where the lights are fading sweet and low  
I wanna be there , I wanna be there  
We leave immediately  
After dark

(break)

There is not anything I would not do to ease your troubled mind  
Where you are , there is a different feeling  
I wake up , I'm on the ceilin' , opens up your eyes  
What a shape ! Someone you can't forget for any time  
Oh , let me show you mine immediately

After dark where the lights start fading sweet and low  
I wanna be there , I wanna be there  
We leave immediately  
After dark where the lights start fading sweet and low  
I wanna be there , I wanna be there  
We leave immediately  
After dark

(repeat last verse and fade out)
