

Andy Griffith, Make Yourself Comfortable

Ooh ooh make yourself comfortable
Ooh ooh make yourself comfortable ooh ooh
(Make yourself comfortable baby)
Ooh ooh make yourself comfortable
(I got some records here to put you in the mood)
Ooh ooh make yourself comfortable
(The phone is off the hook so no one can intrude)
Ooh ooh make yourself comfortable baby
(I feel romantic and the record changer's automatic)

Sweetheart we've hurried thru our dinner
Hurried thru the dance
Left before the picture show was thru
Why did we hurry thru the dinner
Hurry thru the dance
To leave some time for this
To hug a hug and kiss a kiss now

Ooh ooh make yourself comfortable
(Take off your shoes dear and loosen up your tie)
Ooh ooh make yourself comfortable
(I've got some kisses here, let's try one on for size)
Ooh ooh make yourself comfortable baby
(I'll turn the lights low while you make yourself comfortable baby).
