

Andy Griggs, Custom Made

She says im a peice of work and I make her laugh
Shes got answer for anything I could ask
Yeah we fit together
Inside and out
She knows where im going
Before I turn around

Chorus

Well There aint another like her and I cant beleive
That her soul and mine were meant to be
She flew in first class straight from heaven above
I gotta say
Shes just like Custom made
For me to love
Yeah custom made
for me to love

When I put my arms around her we just fit
She tells me that she aint never felt nothin like this
Yeah shes that one in a million
Were 2 of a kind
I was born to be heres
She was made to be mine

Chorus

Well There aint another like her and I cant beleive
That her soul and mine were meant to be
She flew in first class straight from heaven above
I gotta say
Shes just like Custom made
For me to love

Bridge:

Yeah shes that one in a million
Were 2 of a kind
I was born to be heres
She was made to be mine

Chorus

Well There aint another like her and I cant beleive
That her soul and mine were meant to be
She flew in first class straight from heaven above
I gotta say

For me to love
