

Andy Hunter, Together

Together we'll run
Run through the rays of the rising sun, the sun
Together we'll dance
Dance in the darkness I find romance, romance
Together we'll run
Run through the rays of the rising sun, the sun
Together we'll stand
Stand on the edge I'll take your hand, your hand
Together we'll run
Run through the rays of the rising sun, the sun
Together we'll fall
Falling into white light our all in awe
