

# Andy Hunter, Together

Together we'll run  
Run through the rays of the rising sun, the sun  
Together we'll dance  
Dance in the darkness I find romance, romance  
Together we'll run  
Run through the rays of the rising sun, the sun  
Together we'll stand  
Stand on the edge I'll take your hand, your hand  
Together we'll run  
Run through the rays of the rising sun, the sun  
Together we'll fall  
Falling into white light our all in awe
