

# Andy Hunter, Translucent

I look into the great expanse  
Your majesty is shown  
Rainbow skies, sparkling ice  
Beneath Your sapphire throne

I wash my hands  
You wash my heart  
Renew my innocence  
I close my eyes  
You see inside  
Transparent as the ice

I fall into your blinding light  
You've opened up my eyes  
Crystal tears, visions clear  
Your glory touch the sun

Angelic sounds  
Fill the air  
Surrounding me  
Everywhere
