

Andy Partridge, Don't Let Us Bug Ya

Don't let us bug ya
Ooh, stop shakin' boy
Unless you want to shake with us
Relax, you ain't breakfast

Don't let us bug ya
We just be having fun
Don't let us bug ya
We won't eat anyone

You may think that you've ridden the bus
And been all around the world
I bet you never seen folks like us
We're enough to make your bald hair curl, man
Enough to make your bald hair curl
So...

Don't let us bug ya
Don't let us bug ya

Don't let us bug ya
Don't mean to wig you out
Don't let us bug ya
Your hair's blown off, no doubt

You may think that there's nothing new
For any little boy or girl
What you see is we're the true
We're enough to make your bald hair curl, man
Enough to make your bald hair curl
So...

Don't let us bug ya
Don't let us bug ya
Enough to make your bald hair curl, man
Enough to make your bald hair curl

Don't let us bug ya
You see we're cool enough
Don't let us bug ya
Just because we got these feelers and stuff

Sure that you heard about "The Ugly Bug Ball"
As sung by Uncle Burl
Rub your eyes with the real thing
We're enough to make your bald hair curl, man
Enough to make your bald hair curl
So...

Don't let us bug ya
Enough to make your bald hair curl, man
Don't let us bug ya
Enough to make your bald hair curl

Just relax, we're not gonna eat you, boy...
