

# Andy Prieboy, Send In The Drugs

It's not for pleasure  
It's not for lack of love  
Darkness has descended  
Send in the drugs  
Fat Jeff, Terry & Lori  
Last days of Rome  
Eatin' chili  
The TV sucks & my head is full of bugs  
Darkness comes, man  
Send in the drugs

There's a Jackal high high up on a hill  
Waiting for the cry  
Waiting for the kill  
Waiting to move in when the killing is done  
Send in the downs, man  
Send in the drugs

Schoolyard empty  
Kids are gone  
Flagpoles clinking all summer long  
Flagpoles clinking - sun above  
It's a lonely song  
Send in the drugs

Fat Jeff, Terry & Lori  
Last days of Rome  
Eatin' chili  
The TV sucks & their head is full of bugs  
They're chewing on aluminum  
Send in the drugs
