

Andy Stochansky, Shine

Get up, get up, get up, get up, lift your head
C'mon, c'mon get up out of bed
Today's the day you hold the world
With your song

Go now, go now, go now,
Help escalate
Angels come down
Help with this parade
To hear the one
Who's words will ring
C'mon lets shout
And let him be heard

This is the time
This is the day
That we've been waiting for
All the world will stop
To watch you shine

Hey now, hey now, hey now, hey now
Sing your hymn
This is the new national anthem
We will all stand on guard
To let you be heard

Let go, let go, let go
All the cannons
How beautiful this world has become
Now everyone believes
What I believe
That these words should be sung

This is the time
This is the day
That we've been waiting for
All the world will stop
To watch you shine

This is the time
This is the day
That we've been waiting
All the world will stop
To watch you shine

And if you fall
And if you fall
And if you believe in me then
Yes it will come true

This is the time
This is the day
That we've been waiting for
All the world will stop
To watch you shine

This is the time
This is the day
That we've been waiting for
When all the world will stop
To watch you shine
