

Andy Williams, Sail Along Silvery Moon

(by [[Burt Bacharach]] & [[Hal David]])

Sail along silvery moon
Trail along lover's lane
Sail along, silvery moon
To my love again

In the glow of your light
Let me see her tonight
Once again, hold her tight
Back in lover's lane

And then the whole world will seem brighter
As we stroll hand in hand
Two blue hearts will be lighter
You understand

Sail along silvery moon
Trail along lover's lane
Sail along, silvery moon
To my love again
