

# Ane Brun, My Star

You are my star  
I'll stay and catch your fall  
Pack your belongings  
we'll hide out  
we'll see it coming

cause I know you now  
I'll know when you'll start running  
it's when your dark brown eyes turn black  
and I won't let them suck you in

you are so far  
the one who makes me better  
in your surroundings  
I'm the one I want to be

and you know me now  
you know that I'll come running  
it's when you're dark brown eyes turn black  
I'll never let them suck you in

my love
