

# Ane Brun, The Fall

I'll get of this boat in a minute  
cause I know you'll be safer without me in it

then you called  
I love you so  
don't ever let me go  
I will fall to the ground

at the time  
that we meet  
we were whole  
then we peeled off  
piece by piece of our souls  
we were wrong to stay this long  
let me go  
let me fall to the ground

I'm waiting for you to disarm me  
I'll go off if you don't remove this weight off of me
