

Aneta Sablik, The One

It's like a kiss from an angel
When I see you walkin' in that door
I've been blessed for a strangle
Came along for me to a door
/2x

Could you be
Could you be
Could you be the one?
/3x

To my, my one!
Could you be the one?

It's like a star has fallin'
Down in Earth into my view
I press the self the answer
When I lay my eyes on you
/2x

Could you be
Could you be
Could you be the one?
/3x

To my, my one!
Could you be the one? /5x

It's like a flame
A burnin' bright
Through the rain
And the go back night

A burnin' bright
For all we've seen
So hold me close
And set me free

Could you be
Could you be
Could you be the one?
/3x

To my, my one!
Could you be the one? /5x
