

# Aneta Sablik, The One

It's like a kiss from an angel  
When I see you walkin' in that door  
I've been blessed for a strangle  
Came along for me to a door  
/2x

Could you be  
Could you be  
Could you be the one?  
/3x

To my, my one!  
Could you be the one?

It's like a star has fallin'  
Down in Earth into my view  
I press the self the answer  
When I lay my eyes on you  
/2x

Could you be  
Could you be  
Could you be the one?  
/3x

To my, my one!  
Could you be the one? /5x

It's like a flame  
A burnin' bright  
Through the rain  
And the go back night

A burnin' bright  
For all we've seen  
So hold me close  
And set me free

Could you be  
Could you be  
Could you be the one?  
/3x

To my, my one!  
Could you be the one? /5x
