

Angel City, 24/7

Tonight when I close my eyes
There be a vision of you inside my head
And I don't have to think twice
About the times you said you love me
Can't get you out of my mind
There's a part of you in everything I do
I think about you all the time
I was born to love you
When you're next to me
I feel like I'm in heaven
Your love gets to me
Twenty four seven
Take the best of me
When we are together
Your love gets to me
I want you here forever
I want you forever
Before I can open my eyes
I've got a picture of you inside my head
Then I realize
That you are right here with me
I'll be wherever you go
Destination unknown
And you don't have to be on your own
You don't have to be alone
I'll be with you
When you're next to me
I feel like I'm in heaven
Your love gets to me
Twenty four seven
Take the best of me
When we are together
Your love gets to me
I want you here forever
I want you forever
When you're next to me
I feel like I'm in heaven
Your love gets to me
Twenty four seven
Take the best of me
When we are together
Your love gets to me
