

Angel City, Touch Me (All Night Long)

You know how to love me
When we make love all night
Ooh, I need you so bad, baby
Ooh, ooh, ooh, ooh, this is where you belong
Don't make me wait for your love
Hold me, baby, drive me crazy
Touch me
(Touch me)
All night long
Make me love you, kiss and hug you
Touch me
(Touch me)
All night long
You've gone and started something
I thought, I'd never find
There only seems to be one thing on my mind
(Ooh, yeah)
And you know I love it when we do it right
And you know that I need it, baby, 'cause tonight
This is where you belong
Don't make me wait for your love
Hold me, baby, drive me crazy
Touch me
(Touch me)
All night long
Make me love you, kiss and hug you
Touch me
(Touch me)
All night long
(All night)
Hold me, baby, drive me crazy
Touch me
(Touch me)
All night long
Make me love you, kiss and hug you
Touch me, touch me all night long
I'm gonna make it worth your while
Touch me all night long
And when I think of tonight it makes me smile
Touch me all night long
(All night long)
Hold me, baby, drive me crazy
Touch me
(Touch me)
Make me love you, kiss and hug you
Touch me
(Touch me)
All night long
Hold me, baby, drive me crazy
Touch me
(Touch me)
All night long
Make me love you, kiss and hug you
Touch me
(Touch me)
All night long
(Won't you?)
Hold me, baby, drive me crazy
Touch me
(Touch me)
All night long
Make me love you, kiss and hug you
Touch me all night long
