

# Angel Dust, The Human Bondage

Out of my darkness it's rising in me  
Discover s the feelings hidden so deep  
I lose myself  
Affection for sadness and longing for pain  
I is dividing - deciphers the madness  
I loose myself  
Oh - The human bondage  
No way to control it  
I have to obey  
Just can't deny it - so deep inside me  
I lose myself  
My personal demon is linking the shades  
I could never see  
Now I know who I am  
I see myself  
Oh - The human bondage  
I hate you  
I hate you  
I hate you  
I am you  
Oh - The human bondage
