

Angel Faith, Just The Way I Am

Hey you
Whatcha gonna do
Get out of my way cus the girl's coming through
I'm proud I'll say it out loud
Never sitting pretty
Standing out from the crowd
If I want it
I'll get it
Better give it up, cus you're never gonna stop me
Having my way
And I won't change no matter what you say

Chorus

That's just the way I am
I do it just because I can
Anything I want to
I'm not gonna ask you no
You better understand (I'm gonna make a stand)
That's just the way I am
Hey yeah, you say it's not fair
I'm breaking boys hearts
And I just don't care
So what, if I take it too far
Waking up the neighbors
Crankin' up my guitar
If I like it, I'll do it
Lock me in a cage and I'll break right through it
Baby it's true
I won't change no matter what you do

Chorus

That's just the way I am
I do it just because I can
Anything I want to
I'm not gonna ask you no
You better understand (I'm gonna make a stand)
That's just the way I am
I'm frustrating
Taking a left when everyone else turns right
Infuriating
Me and my girls rockin' the house all night
Fascinating
Never know when
I'm gonna blow your mind
Drive you crazy as I'm takin' the floor
You'll keep coming back for more

Chorus

That's just the way I am
I do it just because I can
Anything I want to
I'm not gonna ask you no
You better understand (I'm
