

Angel Faith, To Forgive You

I saw you in the headlights, It's gonna be a long night
Cause suddenly those memories came flooding back to me
But as much as I keep trying to, I can't seem to forgive you

You knew how much I loved you, you know how much I want to
Forget the way I saw you in someone else's arms
But as much as I keep trying to, I can't seem to forgive you..

Can't forgive what you did to me
I think about it constantly
It's like a thorn that's tearing at my soul
You're the one I'd love to hate
For this cruel twist of fate I can't undo
But I still love you..

You tell me you were sorry, I think you even meant it
I wish it was that easy to ignore the awful truth
But as much as I keep trying to, I can't seem to forgive you

Can't forgive what you did to me
I think about it constantly
It's like a thorn that's tearing at my soul
You're the one I'd love to hate
For this cruel twist of fate I can't undo
But I still love you..

Here I am alone again, I wish it never happened..
