

Angel, How Can I Lose (ft. Chip)

[Angel:]
How can I lose
My way now

How can I Lose my way now

Go this way first exit
Roundabout cut the traffic out
When the lights turn red don't stop
Look at the camera middle fingers up
Me losing my lady it's crazy
So driver speed up
Cause if the plane boards I'm gonna go nuts

It's over and I started
It's over, it's over
And when I see your pictures
It makes me fucking mad
It's over, it's over
How can I lose?
My way now, my winnings
How can I lose?
My way now, she's winning

[Angel:]
I'm like take this right, first left
I'm bringing money I'll be with you in a sec
I got the Beats by Dre's in my ears
Slow jams wishing you were here
And when your not its like I'm dreaming
Twist and turning when I'm sleeping
I'm weeping
So don't go, please stay
If your checked in check out I'm on my way
When the light turns red don't stop
Middle finger smile on my face
Me losing my lady its crazy
So driver speed up
Cause if the plane boards I'm gonna go nuts

It's over and I started
It's over, it's over
Now when I see your pictures
It's makes me fucking mad
It's over, it's over
How can I lose
My way now, my winnings
How can I lose
My way now, she's winning

[Chip:]
They say cheats don't prosper and players never win
But I'm still going in
I see you on your way out
Should never let you in
It is what is
Or is what it isn't
Blind to your love
Now I couldn't see the vision
Wishing we were under the mistletoe kissing
Like every day is Christmas
Got me catting for the beat no whiskers
Yea, you can't play me right
On a next level I'm gonna catch a flight

You ain't sure don't leave too fast
With me you get a stamp first class
And me plus you winning
Murder she wrote call it a killing
So I don't know how cool I'll be
She left that when I need that TLC

It's over and I started it
It's over, It's over
And when I see your pictures
It makes me fucking mad
It's over, it's over
How can I lose
My way now, my winnings
How can I lose
My way now, she's winning
How can I lose
My way now, my winnings
How can I lose?
My way now, she's winning
