

Angel Taylor, Make Me Believe

You run away, I wouldn't take back
Every day that we spent but
That one night you did me wrong
Led me on, same old song
All my girls say make him pay
Kick him out, let him stay
I'm so confused and misused
I feel abused, so abused
And I'm not talking about would I, should I, could I
And I'm not talking 'bout the things I should've did
And I'm not talking about would I, should I, could I
And I'm not talking 'bout the things I should've did
Make me believe that you'll stick around for good
Make me believe that I'm not misunderstood
Make me believe, make me believe, make me believe
I'm not buying what you're selling, quit with all the lies you're telling
Make me believe that I'm not just all your dream
Make me believe that you're not just full of it
Make me believe, make me believe, make me believe
I'm not buying what you're selling, quit with all the lies you're telling
You wonder why this girl won't answer
When you call and romance her
You're so amazed that I don't pay
You attention these days
All my girls say he's just there
For the ride, he don't care
So come on, one on one
Here's your chance prove them wrong
And I'm not talking about would I, should I, could I
And I'm not talking 'bout the things I should've did
And I'm not talking about would I, should I, could I
And I'm not talking 'bout the things I should've did
Make me believe that you'll stick around for good
Make me believe that I'm not misunderstood
Make me believe, make me believe, make me believe
I'm not buying what you're selling, quit with all the lies you're telling
Make me believe that I'm not just all your dream
Make me believe that you're not just full of it
Make me believe, make me believe, make me believe
I'm not buying what you're selling, quit with all the lies you're telling
Boy you won me over, another Casanova
Now I'm gonna show you while I'm messing with your head
Boy you won me over, another Casanova
Now I'm gonna show you while I'm messing with your head
Messing with your head, messing with your head
Messing with your head
Make me believe that I'm not just all your dream
Make me believe that you're not just full of it
Make me believe, make me believe, make me believe
I'm not buying what you're selling, quit with all the lies you're telling
Make me believe that you'll stick around for good
Make me believe that I'm not misunderstood
Make me believe, make me believe, make me believe
I'm not buying what you're selling, quit with all the lies you're telling
Boy you won me over, another Casanova
Now I'm gonna show you while I'm messing with your head
Boy you won me over, another Casanova
Now I'm gonna show you while I'm messing with your head
