

Angela Bofill, I Wanna Love Somebody

ooh, oo-oo-oo

yeah-ay-ay-ay

there's someone on my mind tonight
I don't know where he's coming from
I hope i'm not just making this up

(huh...)

i've got good intuition
not one for superstition but when
it comes to loving somebody
i'll believe most anything
cause I long for my heart to share a love everlasting

I wanna love somebody
I wanna love somebody
someone to climb to heaven with me

ooh... hoo, oo-oo...

I wanna love somebody
yes i'm gonna love somebody
someone who wants to love only me

ooh... hoo, oo-oo...

i'm walking on a thin line
i'm trying to believe that in time
someone will dream about me all night

they say you just gotta wait
that love come with fate
but I know that there's a star made for everyone
and it's watching over me
if I could only see him, have him, hold him, know him

I wanna love somebody
I wanna love somebody

someone to climb to heaven with me

ooh...

I wanna love somebody
yes I wanna love somebody
someone who wants to love only me

(loves only me...)

oh...

I wanna know his name
I wanna feel his pain
cause once I love him it will be forever
and that's the way it could be
and that's the way it should be

oh...

I wanna love somebody (i wanna love somebody)
I wanna love somebody (oh oh...)

someone to climb to heaven with me

love only me...

I wanna love somebody (i wanna love somebody)
I wanna love somebody

(oh oh oh...)

to heaven with me...

love only me...

I wanna love somebody (i wanna love somebody)
I wanna love somebody
til the end of time...
