

# Angela Bofill, You Should Know By Now

You ought to know by now,  
Love is the look in my eye;  
Lovin' the way you smile when I say,  
"I wish you would stay."  
You bring out all the youth in me,  
I laugh and cry out all the truth in me,  
Out o' love.  
You should know by now.

Haven't you felt by now  
Just what it's like to be loved;  
Knowin' that certain touch when you're sure  
Time won't give you more.  
You bring out all the best in my;  
I wanna hold you till you feel the need somehow  
Somehow;  
You should know by now

If I could just find the words,  
I wouldn't be left so lonely;  
I'm your one, my only.  
Then I'd show you how  
Ev'ry move as smooth as silk,  
Say you will; say you will.

Hasn't it crossed your mind  
Haven't you known all the time  
Honestly tell me now,  
Has it shown?  
How much love is grown;  
The way I tremble at the sight of you.  
I want to learn to love you through and through,  
This I'll beg.  
You should know by now,  
Hmm-mmm.

By now.  
You should know by now,  
Don't you think you should know by now?  
Ooh
