

Angela's Dish, Yeah...But Not Tonight

I'm staring at the wall
But I see your smile
I'm thinkin 'bout the way
That you look tonight
I wanna show you off
To all my friends
I wanna play along
When you pretend

[Chorus]

Cause all I've got
Is you girl x3
Yeah, but not tonight
I'm thinkin 'bout the way
That you turn me on
I wanna write your
Favourite punk rock song
I love the way you
Dress and do your hair
I love it how
Your hardly ever there
[Chorus x2]
And suddenly Your here
And by my side
Bot only for one night
Cause I'll be gone tomorrow
Yeah and suddenly your down
And by my side
But only for tonight
Cause I'll be gone tomorrow
Cause all I've got is you girl x2
[Chorus x3]
