Imaginary playmates
Are extensions of your mind
All you'll ever need or thought you want
In your dreams you'll find, mmm...mmm...ho...

Imaginary playmates
The truest kinda friend
They'll fulfill your body's math and seeds
And it never has to end {No, ho}

Imaginary playmates (You can always win)
Imaginary playmates (Never has to end, no)
Imaginary playmates (You can always win, ho, ho)

With imaginary playmates
Love anyone you choose
You can pick your pleasure
It's all left up to you, yeah

Imaginary playmates
Won't leave loneliness behind
They'll do just what you tell them
Oh, what's ever on your mind

Imaginary playmates {You won't be left behind}
Imaginary playmates {You can have it any time}
Imaginary playmates (You can leave loneliness behind)
Imaginary playmates, playmates, ooh, hoo, ooh...

Imaginary playmates
Imaginary playmates {Ha...ooh...ooh...ooh...}
Imaginary playmates
Imaginary playmates, playmates, ooh, hoo
