

# Angelfish, Mummy Can't Drive

Mummy can't drive  
There's too much inside  
Come with me darling  
She said, come with me darling

Mummy can't drive  
Mummy can't drive  
She's been out all night

She can't see the stars  
See the light  
See the street  
See the sky  
See anything  
Grannie's crying  
Grandpa's crying

Mummy can't drive (let me go, let me go)  
Mummy can't drive (let me go, let me go)  
She's been out all night  
No, no, no, no, no  
No, no, no, no,  
She can't drive

Hey, stamp the sunshine out  
Hey, stamp the sunshine out  
"Hey, little boy," the sun cries out  
Grannie's crying (come with me darling)  
Grandpa's crying (come with me darling)  
Grannie's crying (come with me darling)  
Grandpa's crying (come with me darling)

Because mummy can't drive (let me go, let me go)  
Mummy can't drive (let me go, let me go)
