

Angelic, Can't Keep Me Silent (Original Mix)

Well I guess, it's human nature
How people out talk eachother
But then, we face the danger
Of only listening to ourselves

In the pressure of the situation
I won't let my toungue get tied
A silent voice in the congregation
I refuse to live a lie

[Chorus]
Can't keep me silent
Can't keep me silent
Can't keep me silent
Can't keep me silent
Can't keep me silent
Can't keep me silent

Well I guess, it's human nature
How people out talk eachother
But then, we face the danger
Of only listening to ourselves

In the pressure of the situation
I won't let my toungue get tied
A silent voice in the congregation
I refuse to live a lie

[Chorus]
