

Angelina, I Wanna Love You

If i tell you that i love you,
and i put my trust in you
if i say that everyminute
all i do is think of you
will you do the same for me?
are you really down for me?
let me know just how you feel
and would you give it all for me?
how would you feel if i told you
all i ever do is remanice of the times
that i spent with you
rollin' through the park on a sunday afternoon
dedicating slow songs to say that i love you,
this for my honey with the pretty brown eye's
never givin up on me never tellin lies
makin promises together we ride
i put this one on everything im glad she's mine
and i love it when we all alone
never miss a beat when a slow jams on
babygirl please understand i want to be the only one
to ever hold your hand yea
and show me that your down for mine
keep my reservation till the end of time
your like a treasure i was blessed to find
my presious one. and im gonna love you for life
(chorus)

i wanna love you like you never been loved
i wanna rock you like you never been rocked
but i gotta know the deal
baby tell me how you feel
if i change my world for you
are you feeling me too?
hey girl i'll never leave you
a perfect man is what you need
there's no such thing so i'll do anything to please you
i know you want me girl and i want you too
feels just like a dream to be here with you
i would drop in a second just to think you'll be gone
living a lonely life i just couldn't go on
we fell lost in love from the first time we met
you was so down for me you showed much respect.
i know it's hard to love a nasty boi like me
you know you had a choice and who you liked was me
sometimes i wish this world was just me and you
my love is unconditional best believe is true
thank the lord everyday for connecting us two
so tell me baby girl what you want to do
im that one (?) showin much love to you
they wanna know how im rolling?
im rolling with you (yea)

(Chorus)
you know im feelin you girl
i just can't lie
things just wouldn't be the same without you by my side
i loose my mind everytime you come around
and im going to do whatever just to prove that im down
you broke my game and set new rules
and all i wanna do is just rock with you
dont be afraid cause im going to take my time
and before the night is over you're going to be just fine.
(chorus)
