

Angelo Kelly, Thy will be done

How long oh Lord will you stay angry
Forget the lands your sons and daughters
Hold not against us our fathers sins
But grant us forgiveness
The elders are no longer respected
The young men and women have lost their music and dance
The joy has left, has left our hearts
Restore us to what we once were
Thy will be done, on earth
Thy will be done, on earth
Thy will be done, on earth
Thy will be done, on earth
So many people are suffering
Dyin' of starvation and there's no end in sight
Have mercy with us and interceed
For you are almighty
Please leave us, leave us not in despair
Not in the dark, not just anywhere like this
But lift us up, lift us up in your arms
We are your children
Thy will be done, on earth
Thy will be done, on earth
Thy will be done, on earth
Thy will be done, on earth
In thy hands I'll lay, I'll lay all my thoughts
In thy hands I'll lay, I'll lay all my doubts
In thy hands I'll lay, I'll lay all my thoughts
In thy hands I'll lay, I'll lay all my doubts
In thy hands I'll lay, I'll lay all my thoughts
