

# Angels & Airwaves, Secret Crowds

(with echo)

If I had my own world...

I'd build you an empire...

(echo off)

If I had my own world  
I'd fill it with wealth and desire  
A glorious past to admire  
And voices of kids out walking dogs  
Birds, planes, trains and cars  
If I had my own world  
I'd love it for all that's inside it  
There'd be no more wars, death or riots  
There'd be no more face  
Packed parking lots, guns, bombs sounding off,

If I had my own world  
I'd build you an empire  
From here to the far lands  
To spread love like violence  
If I had my own world  
I'd build you an empire  
From here to the far lands  
To spread love like violence

Let me feel you  
Carry you higher  
Watch our words spread  
Hope like fire  
Secret crowds rise up and  
Gather  
Hear your voices  
Sing back louder

If I had my own world  
I'd show you the life that's inside it  
The way that it glows when you find it  
The way it survives with it's families,  
Friends or it's enemies  
Let's make this a new world  
I swear you can go if you'd want to  
I know that you have that within you  
Inventing the first clean and usable  
God's greatest miracle

If I had my own world  
I'd build you an empire  
From here to the far lands  
To spread love like violence  
If I had my own world  
I'd build you an empire  
From here to the far lands  
To spread love like violence

Let me feel you  
Carry you higher  
Watch our words spread  
Hope like fire  
Secret crowds rise up and  
Gather  
Hear your voices  
Sing back louder

Let me feel you

Carry you higher  
Watch our words spread  
Hope like fire  
Secret crowds rise up and  
Gather  
Hear your voices  
Sing back louder

Let me feel you  
Carry you higher  
Watch our words spread  
Hope like fire  
Secret crowds rise up and  
Gather  
Hear your voices  
Sing back louder  
Let me feel you  
Carry you higher  
Watch our words spread  
Hope like fire  
Secret crowds rise up and  
Gather  
Hear your voices  
Sing back louder
