

# Angels and Airwaves, Call To Arms

There's a little black dark scar tire divide  
This is it, can you hear me?  
Have you ever felt a shattered heart buried alive?  
You can do almost anything  
There's a little red bridge with the view of the sun with a lake  
Recommends such a setting sight  
And the thousands of stars come out thousands of times  
We can go, only if you believe.

Only if you believe.

Do you feel like you've lost everything you can lose?  
This is it, can you hear me?  
When you cry do your tears ever choke the room?  
Calling out every moment of need.  
Do you ever lay awake with a look in the eyes?  
Oh God, if a wish is too big to deny  
I will offer a line, and it's ready for use.  
Let me know, are you ready for me?

I'd like to say that you're my only fear  
And when I dream, it slowly disappears  
And when I wake, I'm right here by your side  
To feel your heart beat in and out of time

When the storm brings rain, snow, fate of all kinds  
You can feel almost anything  
When the day seems to melt, fall flat in the night  
You can feel almost anything.  
When you can't get up, you gotta get up and try  
This is it, can you feel me?  
When the bombs come down, you will make it alive  
If you only, if you wanna believe.

I'd like to say that you're my only fear  
And when I dream, it slowly disappears  
And when I wake, I'm right here by your side  
To feel your heart beat in and out of time.

I'd like to say that you're my only fear  
And when I dream, it slowly disappears  
And when I wake, I'm right here by your side  
To feel your heart beat in and out of time

Out of time  
When I dream  
You're my only  
When I dream  
I feel your heart  
When I dream  
I'm out of time  
I feel your heart  
When I dream  
I'm out of time

I feel your heart

I'd like to say that you're my only fear  
And when I dream, it slowly disappears  
And when I wake, I'm right here by your side  
To feel your heart beat in and out of time
