

Angelspit, Fink

He comes with wire, spikes and electrodes
Tongs and speculum, hammer illegitimate
If he cannot deflower in her cage
Then he's having her on a white plate
Devil eyes
Rakehell child
Rascalion smile
Thief
Fink, liar, heart manipulator
Bankrupt the boy just to soil the girl
Suave villain, sophisticated
Swindling miscreant malefactor
He could buy anything with his wallet
But his hunger can only be snatched
By unblessed hands
All that communion with cowards rubbed off
Snort deep and cut me a line of credit
Devil eyes
Rakehell child
Rascalion smile
Thief
Fink, liar, heart manipulator
Bankrupt the boy just to soil the girl
Suave villain, sophisticated
Swindling miscreant malefactor
Now you've got me playing your undignified stupid game
Fink, liar, heart manipulator
Bankrupt the boy just to soil the girl
Suave villain, sophisticated
Swindling miscreant malefactor
Devil eyes
Rakehell child
Rascalion smile
Thief
