

# Angelspit, Fink

He comes with wire, spikes and electrodes  
Tongs and speculum, hammer illegitimate  
If he cannot deflower in her cage  
Then he's having her on a white plate

Devil eyes

Rakehell child

Rapscallion smile

Thief

Fink, liar, heart manipulator

Bankrupt the boy just to soil the girl

Suave villain, sophisticated

Swindling miscreant malefactor

He could buy anything with his wallet

But his hunger can only be snatched

By unblessed hands

All that communion with cowards rubbed off

Snort deep and cut me a line of credit

Devil eyes

Rakehell child

Rapscallion smile

Thief

Fink, liar, heart manipulator

Bankrupt the boy just to soil the girl

Suave villain, sophisticated

Swindling miscreant malefactor

Now you've got me playing your undignified stupid game

Fink, liar, heart manipulator

Bankrupt the boy just to soil the girl

Suave villain, sophisticated

Swindling miscreant malefactor

Devil eyes

Rakehell child

Rapscallion smile

Thief
