

Angelspit, Meat

I watch you liquid watching me
I smell you breathing heresy
Your lucid semblance my deceit
Filled with disease I want your meat
I want your meat
Slip me inside you inside me
Grinding bone friction potency
Take me in under disappear
Tongue into skin want your meat
I want your meat
(Terror-murder-trouble-grinding-heathen-venom)
Push me down harder past my lips
Thrust the blade deeper through the rip
Tear off the crimson flow red wine
Teeth stained from you I want your meat
I want your meat
(Terror-murder-trouble-grinding-heathen-venom)
I want
Your meat
Inside
Make
Me complete
I want you got me salivate
Inside your hard head on a plate
Meant to belong so sickly sweet
Knives and fuck you I want your meat
I want your meat
(Terror-murder-trouble-grinding-heathen-venom)
