Your tongue  
Bores me numb  
Terror toma carcinoma  
Speaking for you  
Shallow opinion,  
Acid fetish toy in the shape of YOU  
Look very beautiful [beautiful]  
Deranged, deaunched, denuded  
On that stainless steel cot.  
Enter Herr Surgeon  
Take up the bowie knife  
And play join the dots.

The Doctor is in  
Your fist  
Judas kiss  
Writhing carcass  
New Lazarus ravenous blood  
Razor Devil Child  
Drugged up aristocrat  
Completely fucked up with formalities  
Empty, Heiress, Tantrums  
Psycho, with a gun  
Finger heracy  
Clean out the poison when you cut out your tongue  
(Heart removed neatly with a bowie knife  
Pick up the blade and join the dots) [4x]
