

# Anggun, How The World...

Sometimes we forget to remember  
To learn higher and to aim further  
But sometimes we go too far  
Too far to understand who we are

Oh, I don't know how  
The world keeps turning  
But the world keeps turning around  
Around

I flew through the oceans for clarity  
To comprehend more about you and me  
I've witnessed joy  
I've witnessed misery  
I have seen richness  
I have seen poverty

Oh, I don't know how  
The world keeps turning  
But the world keeps turning around  
Around
