

Anggun, On The Breath Of An Angel

Wherever I go / Whatever I see
Over oceans unknown / You are always with me
Pure as the water / We float on this wave
On the breath of an angel / I'll fly away

At the ends of your fingers
I follow tonight
Caught in the lighting
Of a thousand horizons

We dance for no reason
You hold on so tight
Lost in the feeling
Of a wonderful ride

Di semua bahasa
Semua warna
Kupahami kata
Yang kau ukir indah

Nyanyi beku angin
Cairkan sengat suria
Di relung hatiku
Bernyanyi Bidadari

I can hear every word
I see everywhere
Take me into your world
You can answer my prayers

Rivers of hours
Where time is so rare
Hold me forever
Say you'll always be there

Wherever I go / Whatever I see / Over oceans unknown
You are always with me

Pure as the water / We float on this wave
On the breath of an angel / I'll fly away
