

Angie Aparo, Welcome To The World Unknown

Dance with your feet so light
Watch her toes God bless her might
Carved in a bloody show
Welcome to the world unknown
Pleased to meet you my name is Angie
Can I shake your hand?
Coming through you nature commands me
And woman carries all of man, give it all you can
Tamed by a cruel white light
Screaming blue going pink tonight
One more beginning told
Welcome to the world unknown

Pleased to meet you my name is Angie
Can I shake your hand?
Yeah, coming through you nature commands me
And woman carries all of man
Welcome to the world unknown
Yeah, the world unknown
Dance with your feet so light
Watch her toes God bless her might
I saw it was carved in a bloody show
Welcome to the world unknown
