

# Angie Hart, Blue

Night falls  
I fall  
And where were you?  
And where were you?  
Warm skin  
Wolf grin  
And where were you?  
I fell into the moon  
And it covered you in blue  
I fell into the moon  
Can I make it right?  
Can I spend the night?  
High tide  
Inside  
The air is dew  
And where were you?  
While I  
I died  
And where were you?  
I crawled out of the world  
And you said I shouldn't stay  
I crawled out of the world  
Can I make it right?  
Can I spend the night  
Alone?
