

# Angie Martinez, Go!! (Muthafuka)

[Angie:] What's this?

[unfolding of letter]

[Angie & Guy:] Dear Angie

Guy: I know we've been together a long time boo

But I'm writing this letter cus

I really couldn't face you like

It's kinda ill

I gotta a lot things going on right now

And I met somebody too

So I need a little space ma for real

[Hook]

This mothafucka told me that he'd love me for life

He told me he had my back and I would be his fucking wife

He told me no matter what baby everythings gon be ok

And now this mothafucka's leaving and he don't think he gon pay

[Verse 1]

Think a letta like this gon kill me dude?

Shit you was lucky I was real wit you

Shit you was lucky I was feeling you

Let me tell you what a bitch that's real will do

I remember all the things that we did in my house

Should of never left shit in my house

Get your clothes and your boots and suits nigga get em up out

You would never know what I'm about

When I'm in doubt I walk away like it's the in thing

Follow all my instincts

The henessey in ya blood got ya strong like ginseing

Who the hell you think ya pimpin?

Not me you can go

I don't care what you leaving me for

If you stay you'll be deceiving me more

Let me see what you do when you can't get your feet on the floor

You didn't think that I would even the score

Through the heat of it all

I was there for you

Cared for you

But you never gave the love back

I don't care if you a thug cat

Ain't no mothafucka ever gon treat me like a rugrat

It's niggas like you that make a bitch wanna wil' out

Put a brick through you windshield

I don't care how your fam or your fake ass friends feel

Since day one I've always been real

But you took it for granted damnit

You got me actin foul

Think you a playa international?

Got your bank card know your pin number so I'm cashin now

On some funny shit look who's laughing now

I'ma sell all the jewelry you left behind

Me being deaf, dumb, and blind

Instead of being two steps ahead I was a step behind

Thought you never gonna wreck my mind

[Hook x2]

[Background Hook]

I don't care though

You can go now

Pack your shit up

I don't need you

[Verse 2]

You messed with my mind was the worse thing you ever did

I ain't the one for the wedding ring

Your doing this for your benefit

You degenerate

Stab me in the back like a Benidect

But I blame myself for being blind for the scrub type  
Should've knew from the getgo  
But it's cool I can live I can learn get wise to my life  
It ain't hard for me to let go  
I'm a strong ass woman  
Ain't no way I'm gonna be depressed  
Let a nigga try to wear me down  
Now the rain is gone I can see clearly now  
Where my mentals at you should fear me now  
Look really how  
Did you think I wouldn't pay ya back  
Your a bitch for the way you act  
You want to be in the front while I played the back  
And you think that I'm gonna be ok wit that?  
That's crazy wack  
You ain't never wanna help the team  
Did things that I felt were mean  
But I let it all go  
Never paid it no mind  
Even though you tried to fuck with my self-esteem  
When you dealt with me you had things that you never had  
Niggas knew I was your better half  
Now you got a new bitch  
Pray to God hope she know about me  
And if not I'm gonna tell her ass  
Stella had to get her groove back  
Nigga move back  
Who me I'm just moving on  
Mary J. said the best when said that I'm not gon cry  
Mothafucka thought you'd knew the song  
But I'ma leave it alone  
Cus I'm a bigga bitch  
Even though another chick'll prolly try to get you fast  
Eat shit and die  
Keep this in mind  
Mothafucka wish I never would've met your ass  
[Hook until fades out x4]
