

# Angie Stone, Baby, Slow Down

Here we go

Baby, slow down, seems you're moving too fast for me

Baby, slow down, seems you're moving too fast for me

Seem to be movin' a little too fast for me

Baby, slow down, I'm not gonna hurt you

I understand you never been here before

Someone has used you, making you so scared

Allow me to make it better, oh

Baby, slow down, seems you're moving too fast for me

Baby, slow down, seems you're moving too fast for me

Seem to be movin' a little too fast for me

Baby stop runnin' please let me catch you

You're goin' through too many changes

But don't be scared to trust a stranger

I will assure you, there is no danger

Baby, slow down, seems you're moving too fast for me

Baby, slow down, seems you're moving too fast for me

Seem to be movin' a little too fast for me

Baby, slow down, seems you're moving too fast for me

Baby, slow down, seems you're moving too fast for me

Seem to be movin' a little too fast for me

What your friends say is fine it don't mean a thing

When your heart beats next to mine

Take your time, baby slow it down

'Cuz we got forever

Baby, slow down, seems you're moving too fast for me

Baby, slow down, seems you're moving too fast for me

Seem to be movin' a little too fast for me

Baby, slow down, seems you're moving too fast for me

Baby, slow down, seems you're moving too fast for me

Seem to be movin' a little too fast for me

Break it down, break it down

Uh uh

Baby, seems you're moving too fast

(Seems you're moving too fast)

Seems you're movin' too fast baby

Seems you're movin'

Seem to be movin a little to fast for me

Seems you're movin' too fast for me

(Slow down)

Seems you're movin'

Seem to be movin' a little too fast for me

Seems you're movin' too fast for me

(Slow down)

Seems you're movin'

Seem to be movin' a little too fast for me

Seems you're movin' too fast for me

(Slow down)

Seems you're movin'

Seem to be movin' a little too fast for me
