Angry Johnny And The Killbillies

Miscellaneous

202

I was driving my car down 202

I was trying really hard to forget about you

I had the radio on and the windows down

I was doing 75 I was covering ground

You see, I had a plan, but I lost my nerve

But then I lost control on a nasty curve

For a second it felt just like I could fly

But then a second is all that it takes

All that it takes to die
