

Angry Samoans, Egyptomania

I took my baby to the top of the world
I took her there she was my favorite girl
On the pyramid and up to the top, yeah
Girl of my love girl of my dreams
You don't know what this really means
Grab my knife and I start to cry, stabbed her body
Fourteen times, Egyptomania, I'm goin'
Cairo-Go-Go was a favorite spot
Drinks were so-so but they got me off
Did the shimmy 'til the break of dawn, yeah
Tonight Egyptian moon, palm trees sand and you
Blood on my face, blood on her arms
She was the girl with the Egypto charm
Egyptomania, Egypto
I took my baby to the top of the world
I took her there she was my favorite girl
We went down into the tut one day
but now that's alright got nothin' to say
Egyptomania, I'm goin'
