

# Angus, Freedom Fighter

Now the time has come you gotta pick up your gun  
And fight for your right for your freedom  
No holding you back cause you're wild and you're young  
Fight for your rights for a reason

[Chorus:]

When you feel down and out  
Go out and shout  
Show them what you've got  
Walk tall and proud  
Fight for yourself  
Your love and your life  
There's no need to cry  
They'll give you promises they'll get you down  
But standing alone has no reason  
Just fight for yourself don't follow the crowd  
United we're strong and it won't take so long

[Chorus]

[Chorus]

Life's just a dirty lie
