

# Angus & Julia Stone, A Heartbreak

I met your parents  
they were lying, but falling in love  
I met your parents  
they were dying, but falling in love

Girl, you're just a child  
A heartbreak  
Girl, you're just a child  
A heartbreak

I saw your friends and they were driving  
They were falling in love  
I met your friends,  
they were lying, but falling in love!

Girl, you're just a child  
A heartbreak  
Girl, you're just a child  
A heartbreak

Girl, you're just a child  
Falling in love  
Girl, you're just a child  
A heartbreak
