

Angus & Julia Stone, The Wedding Song

We are gonna build a life together
You and I for ever and ever
And we'll, we'll make babies on the beach
Under the stardust
And I'll hear your voice come through the door
A thousand times, maybe more
And I'll smile inside to know you're mine
Completely
Do you know how lovely you are?
In the starlight, in the starlight of my heart
Do you know how lovely you are?
In the moonlight, in the moonlight of my heart
We're gonna build a home together
You and I for ever and ever
And we'll, we'll make babies on a beach
Under the stardust
And I'll hear your voice come through the door
A thousand times, maybe more
And I'll smile inside to know you're mine
Completely
And I'll wind up every day
Thinking about the way you make me feel
When your lips touch my lips
And I'd crawl inside a cave
Or live somewhere strange
As long as I'm with you
I have got what I need
We are gonna build a life together
You and I for ever and ever
And we'll, we'll make babies on the beach
Under the stardust
And I'll hear your voice come through the door
A thousand times, maybe more
And I'll smile inside to know you're mine
Completely mine
