Ani DiFranco, Hell Yeah

life is a b movie it's stupid and it's strange a directionless story and the dialouge is lame but in the he said she said sometimes there's some poetry if you turn your back long enough and let it happen naturally oh, yeah hell yeah I got a face like a limp handshake hair like an accident scene I've been waking up slowly savoring the same old dream and somewhere between the folds of your memory I was sleeping soundly oh, yeah hell yeah 'cause I like you but I know you don't know it I like you soo much, I talk to everyone but you and I wonder what you would think of this little number I wonder what you would say if you knew If you don't ask the right questions every answer seems wrong I was a terrible waitress so I started to write songs and I don't know how I feel but I wonder if you feel like me do you ever get wrapped up in the folds of my memory oh, yeah hell, yeah 'cause I like you but I know you don't know it I like you so much I talk to everyone but you and I wonder what you would think of this little number yeah I wonder what you would say if you knew there's a river of people that runs past my eyes and it's beautiful enough just to watch it go by but the trouble with water is she'll always leave you for gravity I never even told you I had a crush on you or anything oh, yeah hell yeah life is a b movie it's stupid and it's strange a directionless story and the dialouge is lame but in the he said she said sometimes there's some poetry if you turn your back long enough and let it happen naturally
