

Ani Lorak, Right Away

Right away, right away
I want you to make me happy
Right away
Right away, right away
I want you to make me happy
Right away

You are so smart
Sexy and hot
What are you waiting for?
You're in my chart
Still not in heart
Left there a slightly score

Take me anywhere
Give me something rare
Make me right away
Can you take a dare
Or just have a care
Put on play

Right away
Right away
I want you to make me happy right away
Right away
Right away
I want you to make me happy right away

I am so nice
Melting like ice
What are you watching for?
Don't drop your eyes
Give you advice:
Better to heat before

Take me out of here
I am near, no fear
Make me right away
Can you say it clear
That you love me, dear
Don't be late

Right away
Right away
I want you to make me happy right away
Right away
Right away
I want you to make me happy right away
