2. Tell me what's in your head
Tell me what's in your mind
Baby I just don't care
Kiss me 'cause we'll be shine

I wanna take you there

Now you don't wanna be alone
So hold me once and hold me twice
Give me your hand, look into my eyes

You never know my love before
But now- show me more
So hold my hand - and follow me
Come on , it's my destiny
