

Anika Paris, London Bridge

My whole life is like a cardboard
A Rollercoaster life it's bound to fall
Up and down and in and out again where we're living in
Sweet kiss take me to the moon tonight
Take a good look at what I left behind
In this place of love and suitcase of night and my broken pride
So I'm saying goodbye
Cause London Bridge is falling down, falling down
And it's alright for me, alright me
London Bridge is falling down, falling down
It's alright for me, alright for me
Tell me what you want, tell me I'm right
But don't go sneaking out in the middle of a night
I want to cradle the sun to to warm this heart of mine
But I won't compromise
So I'm saying goodbye
Cause London Bridge is falling down, falling down
And it's alright for me, alright me
London Bridge is falling down, falling down
It's alright for me, alright for me
I don't want to know
I just want to go away from here away
